The figure displays a large grid of 100 columns and 800 rows. The vertical axis on the right is labeled with the number 800 at the top and 1000 at the bottom, indicating a scale where values increase downwards. The grid is composed of small squares, with the first column on the left being slightly wider than the others. The grid is used for plotting data, with the horizontal axis representing a sequence of 100 items and the vertical axis representing a value ranging from 800 to 1000.

The figure displays a large grid of 20 columns and 40 rows. A vertical line is positioned between the 10th and 11th columns, effectively dividing the grid into two equal halves of 10 columns each. The grid is composed of small squares, with the first 10 columns on the left and the last 10 columns on the right. The grid is labeled '800' on the right side and '1000' at the bottom right corner.
